1) PROJECT INFORMATION

Field of expertise related to the topic:

Demos Helsinki is an independent Nordic think tank. We work to solve societal problems and challenges. We are a community of over 50 experts, consultants, and researchers with a vast global network of partners and contributors. Our clients include governments, IGOs, NGOs, corporations, and world-class universities around the globe.

We have a strong role in strengthening the role of science in society in Finland and abroad. We offer consultancy for higher education institutions and plan and execute research impact activities,

dissemination and exploitation, in research projects (we have e.g. 6 strategic research projects funded by the Academy of Finland).

Our research impact activities aim to enhance RRI and we have a strong experience in engaging societal actors in the research and innovation process in order to better align both the process and its outcomes with the values, needs and expectations of society. Our methods include co-creation, scenarios, experiments and knowledge-brokering (policy implementation).

We offer:
