- SwafS-31-2020: Bottom-up approach to build SwafS knowledge base

#### 1) PROJECT INFORMATION

**Field of expertise related to the topic:** Academic knowledge of ethics, academic knowledge of life extension science, local organization, connecting to other life extension organizations and experts in EU

**Potential contribution to the project:**

We can contribute to the project, if it will also deal with life extension technologies (possibility of living healthy for example 120 years and more in next decades with new medicines, stem cells, gene therapy, artificial organs...).

Contribution:

- knowledge of the field
- local connection with experts
- international connections with experts
- international connections and cooperation with organizations in the field of life extension
- dissemination and organization of public events in Slovenia
- dissemination and organization of public events in other EU countries if other organizations would be included through us

**Role in the project:**

- Research                       Dissemination                       Other  
 Training                               Technology Development

Project idea: We suggest that in the project idea the life extension is included because it will have one of the highest socio-economic impact in the near and middle future.

Project description:

Already experience as a Coordinator:  yes  no  
 As a Partner:  yes  no

If "yes", which project:

Other partners in consortium already identified (with countries):

## 2) TARGET COORDINATOR / PARTNER SOUGHT

**Organisation details:**

- |   |   |
|---|---|
| <input checked="" type="checkbox"/> Higher education / university | <input type="checkbox"/> Industry / SME |
| <input checked="" type="checkbox"/> Research institution          | <input type="checkbox"/> Other          |
| <input checked="" type="checkbox"/> NGO                           | Please specify:                         |
| <input checked="" type="checkbox"/> Education                     |   |
