LEAD STORY · ALLIANCE GROWTH

THUAS joins, adding strength in applied data science, AI and cyber security

On 1 November 2025 The Hague University of Applied Sciences became a full member of UNINOVIS. Based in the international city of peace and justice, THUAS brings expertise in applied data science, artificial intelligence and cyber security, and takes the lead on alliance communications.

Read the announcement →

Dear UNINOVIS community,

This quarter UNINOVIS moved from organising itself to producing shared outputs: the eight thematic Excellence Hubs were presented, experts drafted the concepts for joint micro-credentials, and educators were trained to design international courses. At European level, we added our voice to the case for long-term investment in alliances.

— The UNINOVIS communication team
